

|                   |  |
|-------------------|--|
| <b>THE MALT</b>   | <b>BEST Roasted Barley</b> imparts a characteristic, deep dark color to beer. Depending on the amount used in the grain bill, it enhances the taste of the beer with intensive roasted notes and bitter flavors reminiscent of strong, black coffee or Italian espresso. In addition, the malt significantly stabilizes the stability of the foam.   |
| <b>USE</b>        | Indispensable for typical dark and bitter Stouts (Irish and Scottish) and to intensify the color and flavor of Schwarzbier, dark beers, dark Bocks, Brown Ales, Porter and many others.  |
| <b>RATE</b>       | 5 % of the grainbill   |
| <b>PACKAGING</b>  | In bulk, sacks size 25 kg/55 lbs and 50 kg/110 lbs, super sacks size 500-1,000 kg/1,100-2,200 lbs  |
| <b>SHELF LIFE</b> | At least 24 months under dry conditions (max. 20 °C/68 °F, max. 35 % RH).  |
| <b>SERVICE</b>    | Should you need personal assistance, one of our experts will be happy to advise you. Please do not hesitate to contact us with any questions. Or find more information on our website at <a href="http://www.bestmalz.com">www.bestmalz.com</a> .  |
| <b>REMARKS</b>    | <p>All of our malts are produced in accordance with the purity guidelines of the German Reinheitsgebot of 1516. We use no genetically modified raw materials. Our malts are produced in compliance with all valid food regulations and legal provisions. Of course, absolute compliance with strict statutory limits relating to pesticides, herbicides, fungicides, mycotoxins and nitrosamines is guaranteed. This is checked by independent laboratories on a regular basis.</p> <p>All processes are conducted according to procedures that are stipulated in our quality management system in accordance with the European standard DIN-EN-ISO 9001:2015. This also comprises a HACCP system. Certification of the systems is performed regularly by the LGA InterCert.</p> <p>Malting barley and wheat are natural products. This means that the specifications given here are subject to seasonal variation and are based on a minimum level of quality for the harvested grain. Please find more information on our website at <a href="http://www.bestmalz.com">www.bestmalz.com</a>.</p> |

**STANDARD MALT SPECIFICATIONS** (the values are harvest dependant)

| Specification    | Unit | Minimum | Maximum |
|------------------|------|---------|---------|
| Moisture content | %    |         | 5.5     |
| Wort color       | EBC  | 1,200   | 1,400   |
| Wort color       | L    | 450     | 529     |
| Wort pH          |      | 5.6     | 6.1     |
